Shane Global Holding Inc.

Shane Global Holding Inc. (Stock Code: 8482), specializing in the marketing, design, development, and manufacture of indoor and outdoor furniture, currently operates two major vertical manufacturing supply chain facilities in China and Cambodia. The company primarily conducts direct sales to major chain store retailers in North America, particularly in the U.S. With 40 years of manufacturing and service experience, Shane Global provides a one-stop shopping and expedited shipping service for a wide variety of products to global markets.

Hangzhou Huatong Industries Inc. is a manufacturing facility of Shane Global located in China, established in 1999. Spanning a total of 350 acres, our facility houses a vertical supply chain consisting of 13 plants and employs a workforce of 2000 staff members. With a monthly capacity of 550 containers, our facility includes various plants such as leather tannery, foam manufacturing, upholstery manufacturing, cut and sew, case goods manufacturing, painting and finishing, wood frame manufacturing, metal manufacturing, and cardboard manufacturing. This comprehensive setup enables us to offer a complete range of indoor and outdoor furniture products.

By leveraging our fully self-owned vertical supply chain facilities, we uphold stringent quality and efficiency controls to deliver premium services to discerning customers in the high-end market segment.

Shane (Cambodia) Furniture Co. Ltd. was established in 2020 in Bavet City, Cambodia, as the second vertical supply chain manufacturing facility owned by Shane Global Holding Inc. Covering an area of 300,000 square meters, this new facility comprises 12 factories with advanced production lines. This strategic expansion complements our operations in China, offering flexible sourcing options to address the impact of fluctuating international tariff policies on furniture imports.

We cater to the top echelon of luxury consumers, specifically the upper 3% to 5%, within the high-end furniture market. Our business model is not confined to traditional furniture manufacturing, but also emphasizes the transition from an Original Equipment Manufacturer (OEM) to an Original Design Manufacturer (ODM). We are proactive in increasing our market presence and have successfully partnered with more than half of the upscale retailers across North America. We specialize in offering customized furniture services, contributing to 60% of our total business volume. This aligns with the growing market demand for high-quality, unique design, adding substantial value for our business associates. Our special order program collaborates directly with the top 10 exclusive, customized furniture brands in North America, addressing specific market demands within defined specifications. Our business operations are globally widespread, spanning numerous countries and regions, including the United States, Canada, the United Kingdom, Europe, the Middle East, Australia, New Zealand, Singapore, Thailand, Russia, China, and Cambodia.
